

# AgGuard® 10-Year Wrap Program

## 10 Years of Platform Coverage for Tractors Under 80 Horsepower

Ag Guard will wrap the manufacturer's 2-year base warranty and extended powertrain coverage with an additional 8 years of our Platform coverage providing 10 years of protection. This excludes any repairs covered by the manufacturer's warranty and extended powertrain coverage.

### Is Ag Guard the Right Tool for Your Operation?

- Match extended coverage with the loan term
- No dip in coverage—reduces confusion about what's covered when
- Transferable: Ag Guard stays with the machine increasing trade value
- Choose between 1,000 hours, 2,500 hours, or 3,000 hours
- Ag Guard was the first independent provider of extended coverage for farm equipment, and has been a trusted partner for 25 years with fast and fair claims resolutions

Available on new tractors, under 80 HP, with a 2-year warranty  
Platform coverage with a \$250 deductible

Components Covered	Powertrain	Platform
Core Engine (Except hang-on parts)	AG	AG
Transmission (Mechanical / Hydrostatic)	AG	AG
Front + Rear Axles	AG	AG
Engine Electronic Controls (ECMs)	AG	AG
Turbo / Water Pump / Regulator	AG	AG
Injectors (Less than 2,000 hours)	AG	AG
Driveline (Except U/CV joints)	AG	AG
PTO + Creeper (Within Castings)	AG	AG
Hydraulic Pumps / Motors / Steel Lines		AG
Hydraulic Valves / Sensors / Cylinders		AG
Hydraulic Drive Components for Crop		AG
Starter / Alternator / Radiator / Fan Drives		AG
A/C System / Fuel Tank		AG
Auto Steer / Front Axle Suspension		AG
Cab Frame / ROPs / FOPs		AG

Please refer to the Ag Guard Terms and Conditions for details.

# AgGuard® 10-Year Wrap Program

**Professional grade coverage:** With **Ag Guard Select**, rest easy knowing unpredictable risks are on us. Our plans are designed to cover defects in workmanship and materials.

## Ag Guard is Not Bumper-to-Bumper or Comprehensive Coverage

- **Ag Guard** is designed for business owners who maintain their machines diligently and follow manufacturer specifications. *Only pay to cover the risks you cannot control.*
- **Ag Guard** coverage is **not** an insurance policy, and it is **not** a warranty
- Manufacturer warranties provide comprehensive coverage, while **Ag Guard Service Contracts** extend that coverage for many but not all aspects of the machine
- **Ag Guard** cannot be sold to cover existing failures or pre-existing conditions. All repairs must be completed and paid for before a contract is issued
- **Ag Guard** focuses on repairing what is broken rather than refurbishing or rebuilding to like-new condition
- **The customer can capitalize on the opportunity** to approve work beyond what is covered by the service contract. For example, if we approve the repair of a failed piston, the customer could choose to replace all the pistons or use a rebuilt/reman engine instead. We would pay the amount covered to fix the failure, and they would pay the difference.

## Ag Guard Coverage Excludes Certain Components

- The **owner is responsible for normal wear**. The following are **not** covered:
  - Emissions components (*Injectors covered for defects during first 2,000 hours*)
  - Wiring harnesses and electronic components
  - Adjustments and maintenance items
  - Software updates
  - Mileage, driving time, transportation, and field service costs
  - Failures resulting from misuse, abuse, or equipment modification
- **Leaks from seals and gaskets** are considered maintenance and are only covered if required to repair a covered failure.

## Ag Guard 10-Year Wrap Program Covers the Following Components

- Core Engine
- Starter / Alternator / Radiator / Fan Drives
- Transmission (Mechanical / Hydrostatic)
- Front + Rear Axles
- Engine Electronic Controls (ECMs)
- Turbo / Water Pump / Regulator
- Injectors
- Driveline (Except U/CV joints)
- PTO + Creeper (Within Castings)
- Hydraulic Pumps / Motors / Steel Lines
- Hydraulic Valves / Sensors / Cylinders
- A/C System / Fuel Tank
- Front Axle Suspension
- Cab Frame / ROPs / FOPs

*This is a synopsis. See Ag Guard extended service contract terms & conditions for exact details and exclusions.*
